

SUSTAINABILITY AT HOTEL ATLANTIC EL TOPE

Hotel ATLANTIC EL TOPE is continuously working to improve our impact on people and places. We review this document annually.

We are committed to reducing our greenhouse gas emissions and protecting and supporting biodiversity. For example, we will eliminate the use of diesel to generate hot water this year.

In 2024, we set a goal of reducing our greenhouse gas emissions from energy, water, and waste by 50% by the end of 2030.

We are implementing a number of new initiatives across all of our operations that will help us achieve our 2030 goal, such as changing our boiler room this year to make hot water and air conditioning generation more efficient.

We inform and encourage our guests, employees, and visitors to support us by following the reminders we have distributed throughout the hotel about saving water and energy, and the publications of responsible tourism guides, promoting waste minimization.

We are proud to collaborate with local entities, donating mattresses to animal shelters on the island, bonds and stays for fundraising for local activities, providing stays for holding events in our town, etc.

In 2024, we will focus on supporting volunteer projects organized by the Cabildo Insular, to develop various activities on the island, reforestation, cleaning beaches and mountains, etc.

Hotel ATLANTIC EL TOPE is committed to respecting and protecting human rights. We believe that everyone should be treated fairly and respectfully. As part of this commitment, we regularly train our staff on the prevention of discrimination, develop the company's equality plan, have opened a new direct communication channel with our customers and workers, etc.

We are also committed to safeguarding the well-being of children and young people. Within our policy, we urge that any suspicion of child exploitation or abuse be reported to the police. We encourage our guests, staff and visitors to report any suspicion of child exploitation or abuse to the police by calling 112 or going directly to the police station, located at Avenida Jose María del Campo Larena, 3 in Puerto de la Cruz.
